China Joy Guitar Co., Ltd

**GUITAR
CAJON**

Argos, Clas Ohlson, Aldi, Casino, Clas Ohlson and Eldorado source our guitars

**Handmade and spray-painted
10 times for a long-lasting finish**

The attention and care we put into each instrument we manufacture is something that our competitors can't match. And it's also why our products are being sourced by Eldorado, Fender, Sonae, Peavey, Casino, Epiphone, Cora, Aldi and Argos and other well-known buyers. Our three spray-painting workshops for electric guitars and another three for wooden models are proof of our commitment to providing products that last. To ensure colors that won't fade over time, we painstakingly spray-paint each unit at least 10 times.

We further ensure the reliability of our guitars by conducting function tests, making sure the strings do not touch the frets to avoid distortion. All of our guitars come with CE, FSC, UL and RoHS marks for easier distribution in your region.

Choose from over 300 electric, acoustic and bass guitars, as well as more than 200 classical models. For precise rendition of your design, we take a picture of the mold and compare the product against it to make certain every detail is being followed. With two factories, we are ready for your volume orders. Inquire today.
